

# ADOBE® DREAMWEAVER® CS3

## DESIGN, DEVELOP, AND MAINTAIN STANDARDS-BASED WEBSITES AND APPLICATIONS

### Consider Adobe Creative Suite® 3 Web Premium

Move up to Creative Suite 3 Web Premium software for everything you need to prototype, design, develop, and maintain websites, web applications, and mobile content.

Adobe Creative Suite 3 Web Premium combines Adobe Bridge CS3, Adobe Version Cue® CS3, Adobe Device Central CS3, Adobe Stock Photos, and Adobe Acrobat® Connect™ with:

- Adobe Dreamweaver CS3
- Adobe Flash® CS3 Professional
- Adobe Photoshop CS3 Extended
- Adobe Illustrator® CS3
- Adobe Fireworks® CS3
- Adobe Acrobat 8 Professional
- Adobe Contribute® CS3

Design, develop, and maintain websites and web applications—from start to finish—with Adobe Dreamweaver CS3 software. Built for designers and developers, Dreamweaver CS3 offers both a visual layout interface and a streamlined coding environment. Intelligent integration with related Adobe software ensures an efficient workflow across your favorite tools.

### Create rich web content

A higher standard in web design and development is emerging, powered by Dreamweaver CS3. Create rich, dynamic interfaces that tightly weave static structures together with responsive interactivity. Use the new Spry framework for Ajax to develop energetic web experiences that will leave your competition standing still. In other words, think deep, dream big, and then execute flawlessly with the most exciting web design and development tool we've ever devised.

### Maximize efficiency

Accelerate your workflow with Dreamweaver CS3, a faster, smoother version of the preferred web design and development tool. Drop in FLV files, add images from Adobe Photoshop®, and test your content for mobile devices. Create visually or code directly, work on your choice of Macintosh or Windows®, and enjoy the benefits of intelligent integration with other Adobe tools.

### Apply best practices

Dreamweaver CS3 makes it easy to apply best practices and accepted standards to ensure your websites and applications play well with others. Build CSS-based websites from the ground up with new CSS layouts, the unified CSS panel, and CSS visualization and management tools. Ensure more reliable and consistent performance with the new Browser Compatibility Check. Instantly preview your content for PCs, mobile devices, and print, and find fast solutions to browser-specific CSS issues with the new CSS Advisor website.
